

Croquis Classes extended program

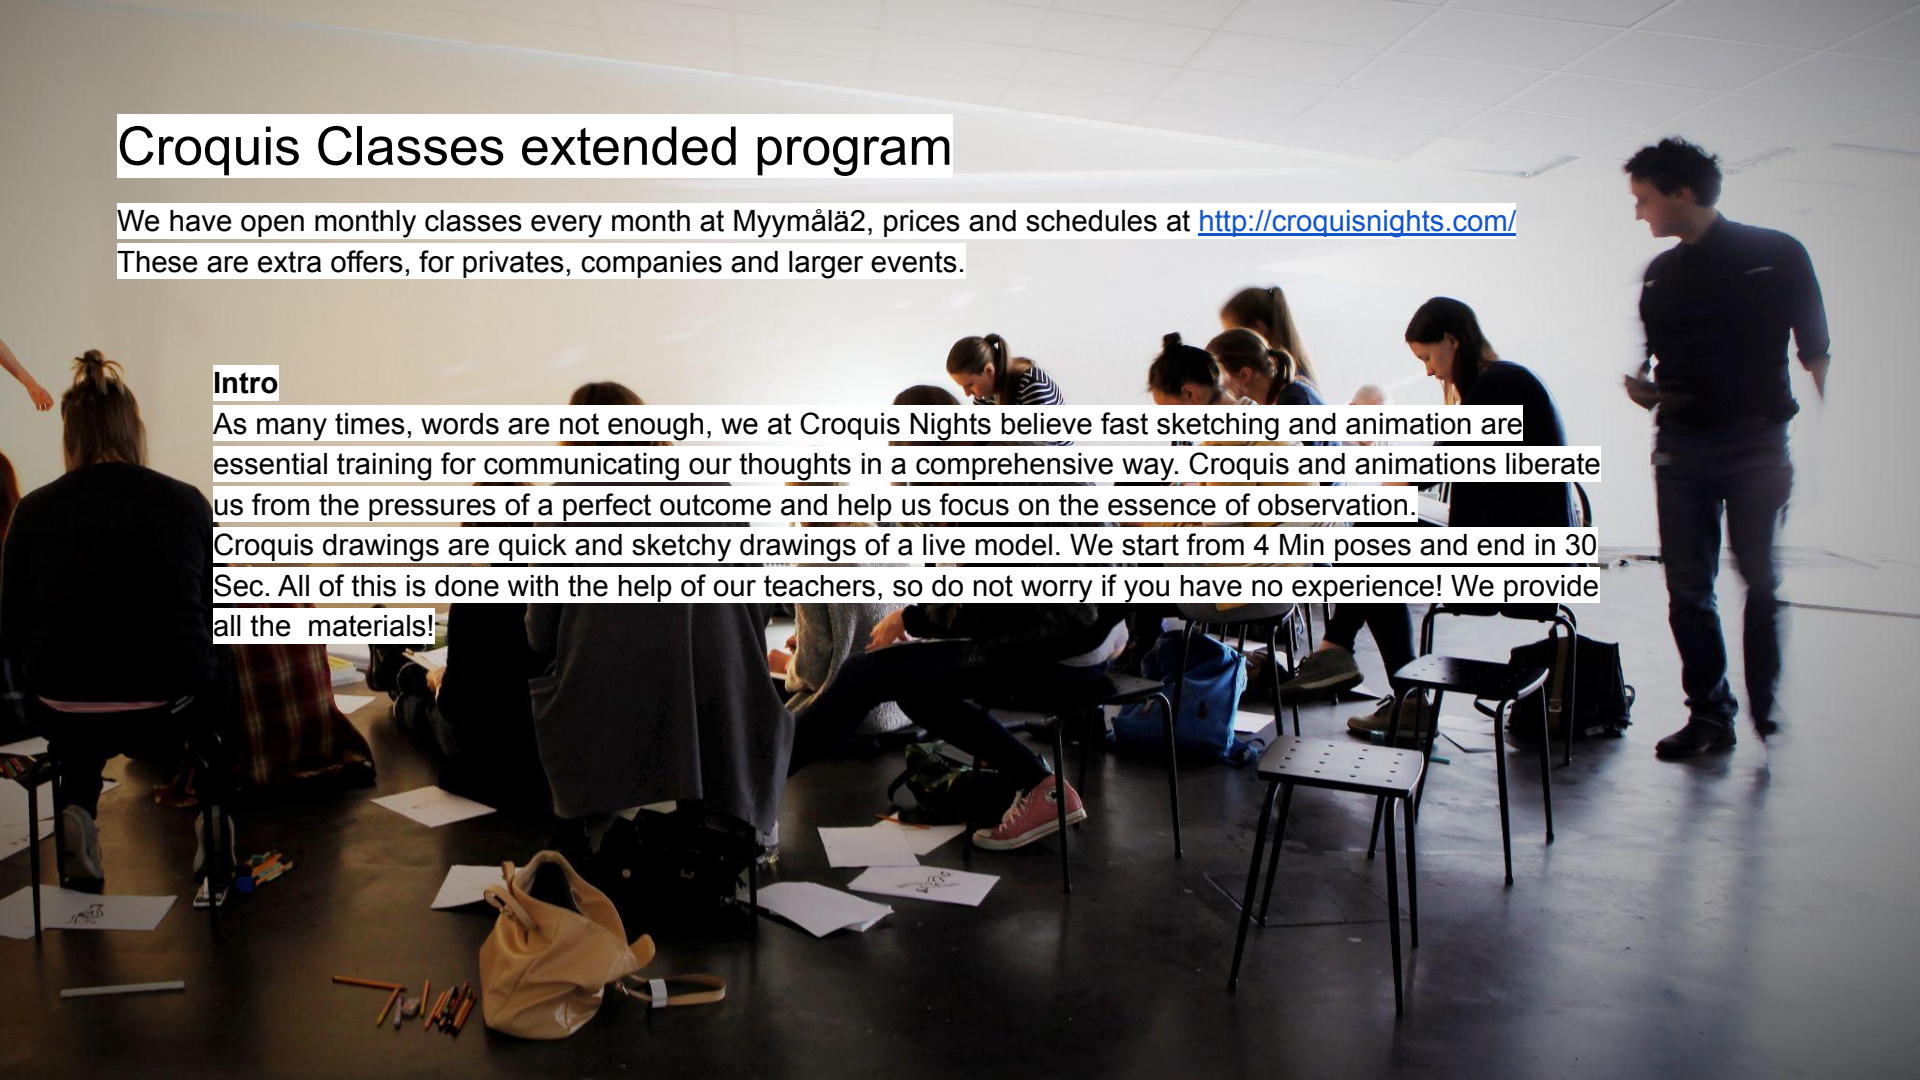

We have open monthly classes every month at Myymälä2, prices and schedules at <http://croquisnights.com/>

These are extra offers, for privates, companies and larger events.

Intro

As many times, words are not enough, we at Croquis Nights believe fast sketching and animation are essential training for communicating our thoughts in a comprehensive way. Croquis and animations liberate us from the pressures of a perfect outcome and help us focus on the essence of observation.

Croquis drawings are quick and sketchy drawings of a live model. We start from 4 Min poses and end in 30 Sec. All of this is done with the help of our teachers, so do not worry if you have no experience! We provide all the materials!
